

## 國內各前線戰事沉寂 ULL ON CHINA'S WARFRONTS

Shanghai, Jan. 14. (Reuters) — Aside from minor fighting in southern Shensi and central Hopei provinces, a lull prevailed on all the civil war fronts yesterday.

路透社上海一月十四日電：在華南當中無大戰之聲中，昨日各戰線皆平靜。

All the latest Chinese reports, however, state that a new Communist drive on Mukden is likely to be started in the nearest future. They reveal that strong Communist forces are at present deploying in the Liao River sector, between Siniang and Faku, respectively 35 and 55 miles north-west of Mukden, and also at three points south west of the city.

但所有最近之華方消息，皆謂共匪攻瀋陽，可於近期內發動，又謂共匪現正在新民與法庫（新民在瀋陽西北部三十五公里，法庫在瀋陽西北部五十五公里）間之遼河方面及瀋陽南部三地點，即遼河方面及瀋陽南部三地點，皆平靜。

Speedy repair of the railways south of Mukden and those inside the Liaoning (western Manchurian provinces) Jabol and Chahar corridor were some of the points emphasized by Generalissimo Chiang Kai-shek at the military conference in Mukden during the week-end, attended Chen Cheng, the Manchurian Commander-in-Chief, and General Fu Tsao-yl, the North China Commander-in-Chief, according to reports reaching Nanking last night.

據昨昨晚抵達南京之消息稱，上週末在瀋陽舉行之軍事會議中，蔣主席強調訓練中軍有迅速復修瀋陽各鐵路線，及以全力守衛瀋陽，總務處等點，並參加該軍事會議者有東北行轅主任陳誠，及華北剿匪總司令傅作義。

These reports scuttled the rumours circulating in Manchuria, North China, and Shanghai, that the Nationalist forces were preparing a complete withdrawal from Manchuria.

前者東北華北及上海流傳國軍準備自東北完全撤退之謠言，已因此消息，而不攻自破。

The reorganization of the Nationalist new First and Sixth Armies—both American-trained and equipped and fought in the Burma campaign—into the new Seventh Army, was also discussed, in addition to the broadening and training of the new Armies in the use of modern weapons and techniques.

關於改編美式訓練裝備曾遠經商討，以新一新六軍為第七軍之間題，亦在會中加以決定，並商討及擴充新軍及訓練其應用新式武器與戰術。

It was also reported that Generalissimo Chiang advocated the sending of strong Government reinforcements to areas north of Dairen and Port Arthur—both presently Soviet-controlled—to isolate the large Communist forces which are at present concentrating there.

又聞蔣主席主張遣遣遣有力之援軍至東北，並在蘇聯控制下之北部地區，以隔絕現下某集地之共匪。

At the Army Training Conference the Generalissimo promised top-ranking Generals that new training plans would be adopted and the Nationalist Army would be modernized in the near future.

在新軍訓會議中，蔣主席對各高級將領保證將應用新訓練計劃，而國軍於不久之將來，即能成為近未來。

During his recent inspection of the war fronts, Generalissimo Chiang Kai Shek is reported to have noticed the inadequacy of the Nationalist

### 摩禮遜演說 英外交政策 Morrison Speaks On British Foreign Policy

London, Jan. 14. (L.F.) — The Leader of the House of Commons, Mr. Herbert Morrison spoke on British foreign policy on Sunday night.

（天津英國新聞處倫敦電）英政府出席院之首席代表摩禮遜，於星期日晚間發表關於英國外交政策之演說：

According to reports splashed in the Chinese Press in Shanghai yesterday, the discussions at the recent Mukden conference centred on:

據上海華方報紙昨日引人注意之消息稱，最近瀋陽召開之軍事會議中，其商討中心事項為以下數點：

1. Reconsideration from the military viewpoint of the value of attempting to hold such cities as Changchun and Kirin. —由軍事觀點上，檢討企圖堅守長春吉林等市之價值。

2. Defence of Mukden.

3. Means of keeping open the communications on the Peiping-Mukden Railway.

3. How to keep平瀋線之通車。

4. Military co-operation between the Nationalist troops in Manchuria and those inside the Great Wall.

四，東北與關內國軍之聯合軍事行動問題。

5. Reshuffle of the Manchurian military command.

五，東北軍事指揮之人事更動。

Mainly as a result of these reports, rumours were ripe in Shanghai that General Fu Tsao-yl was likely soon to be given overall command of both Manchuria and North China, according to reports reaching Nanking last night.

台灣一瞥

# 由大體上看台灣 Through Form To Substance; A Glimpse Of Taiwan

Harry Barnes

譯自密勒士週報十二月號

著作哈瑞巴恩士  
Chen Yi's mainland administration supplanted the Japanese administration 120 percent. Malaria, in the rampage, is the old scourge. That is to say not only all again after many years' absence. Japanese posts were assumed by the Chinese, but many that had been held by Taiwanese under the Japanese were also assumed. Chen Yi seemed to emulate the Japanese ruthlessness, but without the touch of Japanese science. Almost any family member of a mainland administrator was assured a sinecure. In the school system of Taiwan was to be redone, but fast. Taiwanese teachers were dismissed. Mainland Chinese teachers came in. Japanese had been taught. Every student is now learning Mandarin, whether he learns anything else or not. For advanced Mandarin students, the educational process has come to a stop for there are no text books printed in Mandarin. The compulsory feature of education has now stopped. Tuition is paid where it was free before. There are still many children in school, for the school going habit does not die easily, but many more cannot pay the fees.

陳毅對台灣的內地治理，將日本的治理方法，革除了百分之百。也就是說，以前所有的日本人職位，改由中國人充任，並且以前在日本人時代的台灣人的職位，也由中國人取而代之，陳毅的嚴肅勝似日本人，但是不使用日本的科學，幾乎每一個內地的行政員，他的家屬都有一個掛名委使，某一個女子學校，在日本人時代，校中的管理員只有四人，但是那些內地的中國人將管理員人數，增加到二十五名，等於該校每一個教員上面有一個管理員。

As might be expected, there existed many Japanese laws which should have been repealed. But Taiwanese explain, with bitter irony, that the most beneficial laws, such as quarantine and public health provisions, were repealed while the war tax continues in effect under the Chinese. During the past two years, T.B. has taken a new and frightening hold on children. In 1946, the first cholera epidemic in nearly a quarter of a century wracked thousands of the islanders. Ven-

台灣的學校制度改的很快，台灣的教師們被解職了，由內地的教師們加以代替，從前校內教授日語，現在將教中文了，每一個學生現在無論如何都是學中國話的，那些對於中國官話有些程度的學生們，給予他們教育的進行方式，只好暫停，因為沒有用中文印的教科書，強迫教育的特點，現在已經消失，現在以前免費發的書，現在要繳學費了，雖然是這樣，而學校內仍然有很多的學生，因為上學的。

Reports from the Tokyo Repatriation Bureau show that there have been hardly any technicians repatriated to date.

據東京日偽遣送局表示，技術人員，現下甚少有被遣送回國者。在俄羅斯、哈薩克、烏茲別克等國，現有40,000日本人都被遣除了，但是在中國政府下，戰時捐役還在征收着，在過去兩年間，肺病和新創傷兒童們身上了，在一九四六年時，發生了第一次的疫症，有成千的台灣人死於虎疫上，這是差不多二十五年來所發生過的事件，性病又成爲一個很大的問題了，瘡疾這種折磨人的病，在二年後發生後，現在又廣泛地傳播了。

The school system of Taiwan was to be redone, but fast. Taiwanese teachers were dismissed. Mainland Chinese teachers came in. Japanese had been taught. Every student is now learning Mandarin, whether he learns anything else or not. For advanced Mandarin students, the educational process has come to a stop for there are no text books printed in Mandarin. The compulsory feature of education has now stopped. Tuition is paid where it was free before. There are still many children in school, for the school going habit does not die easily, but many more cannot pay the fees.

所謂「民主」的教育，實際上便是共黨主義，也是每天例行事件的一部份，每天晚上，在蘇聯監督之下課，時間大約有兩小時。Although not compulsory, all prisoners attend because they have been told that the quicker they learn about "Democracy" the sooner they will be repatriated.

雖然這種教育並不是強制的，但是所有戰犯們都去參加，因為蘇聯人告訴他們若是他們對於民主學會的快，那麼他們被遣送回國的日期，也會早些。

The word "Communism" is never mentioned.

「共黨主義」這個字，永遠沒有被提起過。

Textbooks have been printed in Japanese for this purpose, of which the most widely used is "Short History of the Communist Party", translated by Japan's leading Communist, Nosaka Sanzo.

爲了這個原因，教科書也是用日文印的，其中最普遍應用的是一本是《共黨簡史》，這本書是由日本共黨領袖第三多氏所翻譯的。

They also study the "Nippon Shimbun", a Japanese pro-

paganda newspaper printed by the Russians, which attacks the United States and includes other forms of Communist propaganda. Articles from the Communist-supported daily in Japan, the "Akahata" or the "Red Flag" are also reproduced in it.

他們也讀「日本新聞」報，該報是由俄人印行的日本宣傳報，內中攻擊美國，並且含有他種方式的共黨宣傳，該報並發日本國內由共黨支持的「紅旗」報紙的論文。
